United For All

Covid - 19 tried to ruin our year,
Covid - 19 tried to take away our family cheer.
Covid - 19 turned this world upside down, Covid
- 19; what a sad time to be around.

Many schools are closed,
Many places are going out of business.
So all because of this one major illness,
Most families will be staying home for
Christmas.

Covid - 19 has killed thousands,
Covid - 19 has heartbroken millions.
Now the whole world is quarantined,
To help end this virus that's been so mean.

Despite the many struggles of Covid - 19,
Americans have stood true to their dream.
United we stand, divided we fall,
For we're truly all in this together.
United For All!
